## Wing Shows Film To Kiwanis Club

A film, "The Green City," dealing with urban planning and development was shown by National Park Superintendent Kittridge Wing Monday evening at the meeting of the Kiwanis Club in the Lamp Post Tea Room.

The film contrasted "wasteful, beauty-destroying methods" as opposed to development considering conservation, beauty and future needs for recreation. "Progress and the population explosion are threatening to destroy forever many of our finest and most beautiful natural areas," according to the film.

Wing mentioned areas in Maryland and Arlington, Va., as examples of areas where planning for conservation and recreation are producing excellent results. The "villain," he said, "is not the man with the bulldozer, but rather the indifferent citizen."

Dr. George Wolfe was cited for perfect attendance since the founding of the club nine years ago. President Clyde Markle presided at the meeting.

The committee arranging for the annual Memorial Day exercises, one of the most colorful and impressive events held in the community each year, is confronted with a deplorable situation . . . insufficient funds.

Each year the committee solicits volunteer donations. In years gone by there never was any difficulty. It seems that nearly everyone donated something. This situation prevailed with other activities, too. But times have changed. And this year it is almost unbelievable.

Mayor William G. Weaver this week addressed a communication to a number of usual donors and some others. In his letter he lamented that

## ONE FOURTH OF STUDENTS RECEIVES AID

Approximately one-fourth of the students at Gettysburg College are receiving some type of aid toward the cost of their education, David M. Long, director of guidance and placement at the college, said Monday evening at a meeting of the Rotary Club at the YWCA.

Throughout the U. S., he said, approximately \$700,000,000 per year is spent to aid students "past the high school level." Of that amount about \$450,000,000 goes to aid those at the undergraduate level and the remainder to those engaged in graduate study. Of the total, about 70 per cent is administered by the colleges and universities, 17 per cent by the federal government, nine per cent by the states and the rest by private agencies. Aid includes outright grants, scholarships and loans. Loans include National Defense loan funds with low interest rates and portions of which are remitted if the students teach. Some aid consists of the sponsoring body guaranteeing bank loans for students.

### HAVE MANY TYPES

Gettysburg College's student aid "follows generally that of universities and colleges throughout the U. S. There are many types of aid. Some grants are made to the college directly, so it can use its own discretion as to how the money is to be expended. Some scholarship funds are administered by the college, but have requirements which provide they can be given only for specific purposes. Sometimes these funds are not used because there is no one meeting the requirements."

To obtain scholarships "the student must be accepted by the college and must make known his need for aid. Then a study is made and if he receives aid it is generally in proportion to the amount he actually needs; that is, a study is made of the family resources and the aid would be to fill in the remainder" (Continued on Page 2)

## Report Cuba On Virtual Wartime Emergency Basis

By BEN F. MEYER

MIAMI, Fla. (AP)—Refugees from Cuba say the country is on a virtual wartime emergency basis because an exile group announced plans to be fighting on Cuban soil by Wednesday.

Exiles arriving here from Prime Minister Fidel Castro's Communist dictatorship said highways in Cuba were jammed with troops - carrying trucks, tanks and cannon, heading into mountain and coastal areas.

The Castro regime, they said, apparently is taking every possible defensive measure against raids such as that of last week when exile raiders burned a sugar mill in the eastern port of Pilon.

### MANY ARRESTS

Ramon Espino, one of 48 refugees arriving from Cuba over the weekend, said "invasion jitters have made the Communists desperate."

Widespread arrests of Cubans suspected of anti-Castro leanings were reported by exile sources.

### NEW TEACHER AT FAIRFIELD MAY LOSE POST

The Fairfield Joint School Board Monday evening instructed the secretary to notify a prospective teacher that unless he signs his contract by Friday the offer to elect him to the high school faculty in September will be rescinded.

The board, under the chairmanship of President Joseph T. Lowe, acted on the recommendation of Harold R. Blair, supervising principal, who said that H. Vernon Farster, Hanover, had failed on two occasions to appear at the school office to sign a contract to teach in the Fairfield school at a salary of \$5,400.

### TO ERECT FENCE

A. B. Ross, chairman of the buildings and grounds committee, reported that the half-mile of board fence to be placed around the new school grounds will cost approximately \$3,100. The issue was returned to the committee for further study.

Ross also reported that the gymnasium ceiling will not be replaced until after school closes because of the number of events to be held there in the next two weeks. He also announced that the committee has agreed to hold a public sale June 20 of the former Odd Fellows Hall, used recently by the school system, providing an auctioneer is available on that date.

No action was taken on a discussion concerning the salaries of bus drivers and the board adopted a motion to review the issue in mid-August when needs for the

## FIRE DRILLS, CHECKUP SHOW SCHOOLS OKAY

Gettysburg's public schools earned another "excellent" report from the Gettysburg fire marshal, Donald Jacobs, after building inspections and fire drills May 8.

A letter from Mayor William G. Weaver, read at a special meeting of Gettysburg Joint School directors Monday evening, congratulated the custodial staff under the supervision of Richard Tackett and "all those responsible for the combined fine showing" of all school buildings.

Mr. Weaver's letter reported the school inspection was made by Mr. Jacobs, two members of the safety committee of borough council and Charles Kuhn, borough building official, on May 8 and everything was found in "excellent order." Mayor Weaver noted that this is the third consecutive year in which such a report on local schools has been made to his office. Fire drills at the schools were well executed, he added.

Monday's special meeting was called to award contracts for purchases of school furnishings, equipment and supplies on the basis of bids opened at last week's regular meeting. Another such meeting will be held next Monday evening and a third has been set for Thursday, May 28, so that orders can be expedited.

Contracts were awarded to low bidders except in cases where low offers were on goods that did not meet specifications. The bids, tabulated including new furniture for one classroom in Keefeauver school, elementary music supplies, (Continued On Page 3)

### CP LUNCHEON HELD MONDAY; GIVE CITATIONS

Approximately 35 persons representing various organizations and community groups from Adams County participated in a "Come And See" luncheon and demonstration presented by the Cerebral Palsy Foundation in Memorial Evangelical United Brethren Church on Monday at noon. The program marked the end of the second year of classes for children who are handicapped or retarded in some fashion. These classes have been held in Memorial Church during these two years.

The program began with a luncheon served by the Carrie Miller Class of Memorial Church and featured remarks by Mrs. Anna King, instructor in the school, which meets every Monday and Wednesday during the school term. Mrs. King pointed out that the four purposes of the school were to provide care for the children, to prepare them for school if possible, to prepare them for institutional care and to provide relief for the parents of the children on these two days each week. The goals of the school are, she said, to teach personal awareness, an awareness of others, to provide opportunities for the children and to teach maximum independence. She explained the daily procedure used in the school. Six children have been attending the classes this year.

Mrs. Katherine Deitch, 1963 fund raising chairman, presided at the luncheon and introduced Leslie D. Park, executive director (Continued on page 3)

### PUBLIC INAUGURAL

Msgr. Sheridan was one of the three men who served the longest terms as president of Mount Saint Mary's College. He and Msgr. Bradley, his immediate predecessor, both served 25 years in the post. Rev. John McCaffrey, who thrice refused to become a bishop, served the longest presidency, from 1838 to 1872.

Msgr. Sheridan's accession to the presidency marked the first public inaugural ever held by the college. ## CAMBODIA HITS U. S. POLICY IN S. VIET NAM

By MILTON BESSER  
UNITED NATIONS, N.Y. (AP)—U.S. diplomats got ready for a sharp Cambodian attack on American policy in Southeast Asia at a meeting of the U.N. Security Council today.

The council was called together to consider a Cambodian charge that U.S. and South Vietnamese forces had violated Cambodian territory, killed Cambodian civilians and threatened peace and stability in the area.

Diplomatic sources said the council would hear a speech by Cambodian Ambassador Voeun-sai Sonn and then probably would adjourn until the arrival of a delegation from South Vietnam to take part in the debate.

### DELEGATION TO APPEAR

South Vietnam is not a U.N. member. Its observer mission at U.N. headquarters said it did not know when the delegation from Saigon would arrive.

The Soviet Union and Czechoslovakia, the Communist members of the 11-nation council, were expected to give strong support to the Cambodian charge.

France already has voiced support of the call by the Cambodian chief of state, Prince Norodom Sihanouk, for an international conference to guarantee the independence and neutrality of Cambodia. Sihanouk has praised President Charles de Gaulle as a loyal friend of Cambodia. De Gaulle favors the neutralization of Southeast Asia.

**CHARGE ARMED RAIDS**  
The Cambodian complaint before the council charges that South Vietnamese armored vehicles raided a village almost two miles inside Cambodia May 7 and killed seven villagers and that on the following day the same force crossed the border again.

The second day the Cambodians destroyed an armored vehicle, wiped out the crew and captured a wounded soldier, the complaint reports. Cambodia claims U.S. officers took part in both operations.

The United States denied any of its officers had been involved.

needed, rather than the entire amount. There are of course some scholarships given which provide the full amount of the cost, but these are few. In addition to the family share, it is anticipated that a male student can earn \$300 during the summer and a female student \$200 to help toward her education costs.

Long held, "If a student is of college caliber, and he is willing to live a spartan existence, and work, he can get through college. But it depends largely on his own initiative."

Attorney John MacPhail reported on the Rotary Scholarship fund established in 1954 through the bequest of Charles Eicholtz, a member of the club for 27 years, who died March 13, 1954. The \$6,177 bequest was placed in trust with the Adams County National Bank, and since its establishment nine students have been aided by the fund. The first students are now repaying the amounts they received "and this money will be used for future aid. Thus it is a revolving fund that will continue to aid students over the years."

Rev. Robert MacAskill, president of the club, presided at the meeting.

## Comedy Playing At Allenberry

The attraction at the Allenberry Playhouse this week and next is "Take Her, She's Mine" a comedy by Phoebe and Henry Ephron. It stars Jon Draper, a veteran of 160 Broadway, summer stock and Hollywood productions, as the father of Mollie who goes east to college. Appearing frequently before the audience with wry humor his misgivings about sending his favorite daughter out into the world, he and Bettie Endrizzi, as the attractive mother, keep the action bright and interesting.

Ann Willis is good in the role of Mollie, who soaks herself in college life. Robin Nolan, playing her sister Liz; David Christmas as her awkward hometown boy friend and Peter Ratray as one of her college sweethearts, make the most of their small roles and the other members of the large cast play good supporting roles.

## Quake Leaves Alaskans With Nerve Tension

By JOE RIGERT

ANCHORAGE, Alaska (AP)—Residents of this shattered city, who showed almost no panic in the Alaska earthquake of March 27, have become tense and apprehensive from a steady series of aftershocks.

Their reactions have not been unusual, said doctors, psychiatrists and a psychologist in an Associated Press survey.

"I think everybody reacted quite calmly and adjusted quite well to the disaster," said Dr. William A. Davis, assistant professor of psychology at Alaska Methodist University. "There has been very little maladaptive or maladjusted behavior."

Private physicians said there has been a moderate to heavy increase in the number of persons complaining of nervous problems.

"The earthquake had a sizable impact emotionally," said Dr. J. R. Langdon, a psychiatrist. "But I suspect it will not prove to have been real bad."

Another psychiatrist, Dr. W. J. Rader, said people "rose to the occasion because it was a clear and present danger and they could address themselves to necessities that had to be taken care of."

The earthquake actually helped some emotionally upset persons, said the doctors, because it enabled them to forget their real or imagined personal problems.

There was very little panic in the original quake, they said, because people had no warning, probably didn't realize at first how severe it was, did not witness many casualties and were not in large crowds that generate mass terror.

That the aftershocks have been causing acute anxiety was indicated in a survey of 180 residents by Davis' university class. Many said they felt panicky.

The U.S. Coast and Geodetic Survey at Fairbanks said it appeared that aftershocks strong enough to be felt could be expected for several weeks.

Langdon said that for some residents the quake was followed by excessive sleeping and fatigue.

Residents are becoming angry about the impact of the quake, he said, and probably will become depressed this summer or fall if there is lack of progress in solving problems.

## POLICE PROBE 2 ACCIDENTS

State police were called to investigate two accidents Monday afternoon, in both of which trucks were involved.

Damage to a truck owned by United Parcel Service, Philadelphia, was estimated at \$200 when it ran off the highway four miles west of here on the Fairfield Rd. at 2:10 Monday afternoon.

State police said Charles W. March, 37, York, driver of the truck, was headed west when an eastbound truck swerved into his lane of the road because of state highway workmen engaged in cutting grass along the side of the highway. March drove into a field to avoid collision with the other vehicle.

The other truck accident occurred a mile west of Abbottstown on the Lincoln Highway at 3 o'clock Monday afternoon.

William J. Bange, 44, Brodbeck's R. 1, was driving a truck heowner, and making a right turn when his vehicle was struck by a truck owned by Ezra W. Martin Co., Lancaster, and operated by George Noe, 36, Conestoga R. 2. Damage was estimated at \$300 to the Noe truck and \$100 to Bange's vehicle.

## SENATORS SET PRIVATE MEETS ON RIGHTS BILL

By JOE HALL  
WASHINGTON (AP)—Democratic and Republican senators caucus separately today on a package of amendments that may hold the key to enactment of the civil rights bill.

No final decisions are expected, but leaders believe they'll leave the sessions with a pretty good idea of which of the 70 changes are acceptable.

The Republican leader, Everett M. Dirksen of Illinois, said he thinks additional GOP sessions may be necessary.

The assistant Democratic leader, Hubert H. Humphrey of Minnesota, told reporters he hopes one session will be enough for his side. But Humphrey said individual conferences with undecided Democrats will be going on for some time.

### HOPE TO WIN SUPPORT

The amendments are designed to win over some of the senators who are lukewarm or cool to the House-passed bill. If they can be satisfied, the reasoning goes, they will support a move to silence the Southern talkathon that has carried the bill to 59 days of debate.

Dirksen and Humphrey insist that the proposed amendments would not weaken the bill.

Humphrey said some Democrats told him the amendments go too far. A number of Republicans have complained that the changes do not go far enough to meet their objections.

The amendments originated with Dirksen but were altered considerably in meetings with Humphrey, Atty. Gen. Robert F. Kennedy and others.

### TWO TOP SECTIONS

The two sections chiefly affected are public accommodations and equal employment opportunity.

The amendments would remove the governments power to file antidiscrimination suits in individual cases, an authority contained in the bill as it came from the House.

They would leave the attorney general the right to go directly into court if he found a pattern of discrimination. Aggrieved individuals would have to file their own suits.

The amendments would give states which have public accommodations and equal employment laws specified periods to handle complaints before federal power could be invoked.

### SEE NO EARLY MOVE

The amendments also contain explicit language banning any federal court orders to bus school children from one district to another in an effort to remove racial imbalances.

Humphrey said that even if the package proves widely acceptable, it is highly unlikely any move will be made to get closure to shut off the Southerners before June 2.

That is the date for the California Republican presidential primary. Humphrey said he understands Republican senators who back Sen. Barry Goldwater of Arizona would be unwilling to consider closure before the primary.

Goldwater has been opposed to the civil rights bill and to closure, the Senate's procedure for cutting off debate.

## MOTHER HEARS COURT CHARGE FIVE CHILDREN

ELIZABETH, N.J. (AP) — A mother stood silently in Union County Juvenile Court as five of her 10 children were arraigned Monday on charges of burglarizing scores of homes.

The five, ranging in age from 12 to 17, admitted taking television sets, radios and cash from the homes, said police, who added that the loot was worth thousands of dollars.

The woman only shook her head when Judge V. William Di Buono asked: "Can you explain this shocking thing, ma'am?"

Calling the case "deplorable," he sent the youngest child, a 12-year-old girl, to the State Home for Girls in Trenton. Her 15-year-old brother was sent to the Jamesburg State Home for Boys.

Two other boys were placed on probation. The eldest child, a 17-year-old girl, was deprived of her automobile driving privileges.

The judge said that sending the younger children away might help to rehabilitate them. Many of the stolen items were recovered, police said.

WASHINGTON (AP) — Union and management negotiators got down to business today in the first bargaining sessions in the Anthracite (hard coal) industry in five years.

Following a brief preliminary session Monday, industry representatives began the first full day of talks with the independent United Mine Workers of America.

## RED FROWNS ON POLARIS SUB IN BASES IN MED

By DAVID LANCASHIRE  
PORT SAID, Egypt (AP)—Soviet Premier Khrushchev said today the Arabs would be exposed to great danger if the United States introduced Polaris missile submarines into the Mediterranean.

The Soviet leader evidently referred to negotiations between the United States and Spain for use of the joint U.S.-Spanish naval and air base at Rota as a headquarters for the missile-firing subs. The U.S. submarine tender Proteus moved to Rota in February.

In an obvious reference to U.S. 6th Fleet operations in the Mediterranean, Khrushchev said the "imperialists use aircraft carriers and warships to lie in wait for nationalist movements."

### USE WARSHIPS

"They use warships as observation posts and to bring pressure on the policy of non-alignment," he said. "Aircraft carrier imperialism aims at restoring reactionary systems in Asia and Africa."

Standing on an anti-imperialist monument to Egyptian war dead, he condemned the British-French and Israeli attack of 1956 on Suez and said many of the West's politicians have failed to learn the lesson of that defeat.

"Many of the West's politicians are still unable to realize the truth behind this shameful end," he said.

He added that the goal of Britain and France in that attack was "to destroy Egypt's independence." He called Israel "the agent of imperialism."

### LAUDS PORT SAID

The Soviet leader paid tribute to this city, saying: "Port Said is renowned among the world's cities because it is a national bastion before which the dreams of the invaders collapsed."

Khrushchev said that in the past it was in the power of the big nations "to enslave all of Africa and Asia's peoples."

"But today the time is gone when the imperialists can commit their brutal crimes."

The Soviet premier looked rested after a train journey thought the delta from Cairo. His wife accompanied him.

Khrushchev pledged that the Soviet Union would always stand with Egypt against "imperialist aggression."

## STEVENSON CASE OPENS IN DALLAS

DALLAS, Tex. (AP) — Testimony is to begin today in what the judge calls an "out of the ordinary" aggravated assault trial of Robert E. Hatfield, 22, involved in a demonstration against Adlai E. Stevenson last fall.

The young salesman was accused of spitting on Stevenson, United Nations ambassador, during an appearance last Oct. 24, but is being tried on a charge of spitting on and resisting policeman L. R. Larsen.

The officer and several other policemen were on hand when about 100 demonstrators surged about Stevenson after a speech here. The ambassador was struck with a placard.

Hatfield was named in the complaint involving the officer because it is more serious than the city ordinance dealing with crowd behavior.

### STOCKS DECLINE

NEW YORK (AP)—The stock market resumed a dull decline late this afternoon. Trading was moderate.

Losses of most key stocks were fractional. General Motors and Ford, however, lost more than a point each. Losses of a point or so were spotted here and there among other key stocks.

The trend among steels, copers, utilities, drugs and chemicals was generally lower. Ralls, tobacco and aerospace stocks were mixed. Airlines were slightly higher.

## Rt. Rev. Sheridan

(Continued From Page 1)

Iems as Monsignor Sheridan. In undergraduate days he was one of the student leaders at the Mount. An outstanding athlete, he won four varsity letters in both basketball and football and captained both teams during 1916-17, an unprecedented honor. In addition he was a unanimous All-Maryland choice at halfback and is an All-Time Mountaineer choice also.

When he returned to the campus as prefect and professor of history, Monsignor Sheridan continued his interest in athletics and served as moderator of the Athletic Association. He also served as coach of the varsity basketball team, and under his direction the cage squad posted a record of 21-3.

Firmly believing that in a small men's college such as Mount St. Mary's, the educational program should be bent toward successfully training the whole man, Monsignor Sheridan held that this end can be achieved "only if the program looks to the spiritual, intellectual, and physical growth of the individual." During the years of his administration all his efforts had been devoted to the fulfillment of this ideal.

### BROADENS PROGRAM

While Monsignor Sheridan's sympathies had always been strongly on the side of an extensive athletic program with football as the pivotal sport, he was realistic enough to discontinue the pigskin sport when it became evident that inflationary costs and undue high pressure on both athlete and college hampered the sound development of the student. To strengthen the Mount St. Mary's program in accord with his own ideals, Monsignor Sheridan instead amplified the intramural program and increased the areas of varsity sport participation so that every Mountaineer undergraduate who wished could have the benefits of playing.

### ABLE ADMINISTRATOR

As an administrator Monsignor Sheridan encouraged the establishment and development of the Glee Club, band, the Forensic Council and other campus organizations. In the academic area he strengthened the college faculty with the constant addition of young scholars in a number of departments. Since 1940 a far greater number of laymen have been added to the faculty than ever before, new priests were invited to join the faculty and promising young Mountaineers have been sent abroad to continue their studies prior to returning to the Mount.

### PROUD OF WAR PROGRAM

New departments have also been added to the course of studies. A guidance program and a placement bureau were set up. The memorial gymnasium was erected to house the physical education classes and to serve for dances, meetings and assemblies. Residences were constructed on the college campus to make the professors more accessible to student needs and to foster a close union between student and teacher.

Monsignor Sheridan was especially proud of the part played by the college in the training of young Army and Navy officers during World War II. Beginning with a flight training program for Mt. St. Mary's students and a similar program for potential Army flyers, the college converted one of its large pasture fields into a flight training field. Shortly after, the college became a center for both the Navy V-12 program which trained deck officers and the V-5 program for naval flight training students. At the conclusion of the war, the college was presented a plaque by the Navy Department with the coveted Navy "E".

### DEMAND AS SPEAKER

Along with other duties, the deceased carried on an extensive speaking and preaching program which took him throughout the East and South to numerous conferences, church and school functions and to almost all of the Mountaineer Alumni gatherings each year.

Despite the demands of his office, he remained the most accessible person on the campus. His door was ever open to personnel and pupil alike, and every problem, no matter how trivial, at one time or another came to his personal attention.

Funeral services will be conducted at 11 o'clock Wednesday morning in the Chapel of the Immaculate Conception at the Mount.

## Women Wed To Power

Every day, chapter by chapter, the American press chronicles the story of Claudia Taylor Johnson, helpmeet of unequivocally the world's most influential man, Lyndon B. Johnson, President of the United States.

It is the way of this nation and its people to live vicariously the experiences of the great lady in her unique position in the White House as wife, mother, as well as voice and inspiration for many American wives and mothers in less awesome abodes.

But seldom do we in America, nor do their own people for that matter, see much of or read much about the First Ladies of other countries.

Who are these gossamer women behind the powerful men on international thrones? What influences do they bring to bear on these men?

Here are the profiles of seven such silent uncrowned queens. You will note they have many common characteristics; among them shyness, piety, devotion to family, high intelligence and veneration of the men they married. Are these similarities a coincidence or indications of the womanly qualities sought by men who eventually dominate their people? You decide.

These seven interesting articles will be published in The Gettysburg Times within the next week or 10 days. Look for them.

A graduate of Biglerville High School, he entered the Air Force last December.

money is not forthcoming, adding "no motels and only two museums" have responded to the appeal.

It is inconceivable that those businesses which profit most from these extra-added attractions ignore these appeals and refuse to contribute what should naturally be their just share. To whom can these committees turn for financial support but to the business places?

Supporting these activities is just as much a responsibility and an obligation as it is to support churches, schools and other functions. The United Fund drives, former Community Chest, encounters the same unheard of situation . . . appeals ignored . . . insufficient funds.

Weaver asked in his letter . . . "who benefits most from the thousands that come to Gettysburg annually for this nationally-known event? You know the answer to that."

Certainly, among those, are those who refuse to give their just share.

## Today's Talk

### MEETING ON EQUAL TERMS

One of the great tragedies of this life is that all too few of us meet, on equal terms, those with whom we come in contact. Either we present a "superior air" or we fail to take into consideration that we are human to the core and that there is a happy meeting ground for us with every human being.

Probably all discontent is caused by our not being willing to meet all on equal terms. Each of us is endowed with something that the other fellow lacks. We ourselves are loaded with lacks. The great function of friendship should be to discover the best in others, and to give credit where credit is due, regardless of race, color or educational advantages.

If nations would only meet one another on equal terms, so far as rights and justice are concerned, peace could reign in our time! There are inherent rights that should always remain inviolable. No one ever loses anything by being magnanimous — neither individuals nor nations.

We learn something from the most ignorant as well as from the most intelligent. Human feelings are universal. One day at a luncheon I met a most interesting man. The talk was delightful. He seemed to carry about him a vast fund of knowledge and interesting information. I asked what college he had attended. "I never went to college," he answered. I later learned that he was one of the most distinguished lawyers in New York! But we met on common ground. I learned much from him.

Intolerance is the curse of the world. Intelligence is of the mind and the heart. We ought to remember this, and thereby judge honestly, and with justice, as we meet people and make them feel that we meet them on equal terms.

Convictions are about the most laudable things that we can own — but to have them doesn't mean that it is our right to force them upon others. Others have them too. By coming to a meeting of them on equal terms is to enlarge the horizon of our thoughts and to enrich us as companionable human beings.

### BRAVE WOMEN

I like the way Mrs. Blake, with no apologies to make, who sets her simple table now with good old jam and bread, then bids you sit and share her meal and has the courage to conceal

The blow which left her poor of purse but could not bow her head.

I like the way Mrs. Brown, who wears with pride her last years' gown

And bravely hums a song of cheer and keeps a smiling face. She meets her friends from day to day and never has a word to say

In anger or in bitterness about her sorry case.

I like the way Mrs. Black, whose eyes seem never turning back

To by-gone splendors and the joys which were but are no more, though heavy now must be her cross, she doesn't whimper at her loss

But still retains the courage and the charm she had before.

'Tis man who frets his soul about the things which he must do without;

The women, more resigned to fate, stand bravely to the blow, And many a wife who sighs alone let's never a sign of grief be shown.

For just how deeply she is hurt her loved ones mustn't know.

## 22 HORSES LOST IN FIRE

**LOUISVILLE, Ky. (AP)** — Officials hoped to determine today exactly how many thoroughbred horses died from fire that turned Miles Park Race Track into a blistered arena of panic-stricken animals.

As best as could be determined Monday night, 17 thoroughbreds perished in the flames Monday afternoon, five more were injured and had to be destroyed and another died of a heart attack.

The flames, thrown from barn to barn by winds, drove the horses into stampede, their charges scattered firemen trying to douse the flames and their hooves sent up dust in choking clouds to mingle with the smoke.

Grooms, trainers, and stable hands led others of the some 600 horses to safety, including Devil's Advocate, one of the biggest winners at small tracks. Twelve horse barns and one feed barn were destroyed by the fire, which started in a tack room of one barn. Track general manager Horace Wade estimated damage to barns at \$100,000 but said it could go higher. No figure was available on the value of the horses lost. None was believed to be of great value.

## Warriors Win Ninth In Row At Fairfield 9-1; Finish At Delone Today

After allowing two hits and one run in the first inning, Mike Herring, Gettysburg High hurler, pitched no-hit, no-run ball the rest of the game as the Warriors, county league champions, defeated Fairfield 9-1 on the latter's field Monday for their ninth straight victory.

Gettysburg banged out an even dozen safeties off the offerings of Greg Wertz, including four singles in five trips to the plate b. Tony Bushy.

A six-run fifth inning put the game on the ice for Coach Don Young's outfit.

Fairfield's lone run in the opening inning came via a lead-off single by Harry Fitz, a fielder's choice on Gary Spence which retired Fitz at second base, and a triple by Mike Wyatt. A double play ended the Knights' threat.

Singles by Dane Kennell, Dick Fissel, Bushey and Eddie Tilberg accounted for two Gettysburg runs in the second.

**DEFENSE SAGS**

Four of Fairfield's six miscues came in the fifth inning when the Warriors scored six times. Also included in the uprisings were hits by Bushey, Gary Herring, Mike Herring and Kennell, all singles, and a walk to Fissel.

The final run in the seventh was the result of an error, walk, and Bushey's fourth hit.

Gettysburg is now 10-1 overall for the season and was scheduled to meet Delone at McSherrystown in its final game today.

Fairfield's loss was its seventh in a row. The Knights, 1-7, will meet Biglerville at Fairfield Thursday afternoon.

**Has Hole-In-One But Loses Hole**

He scored a hole-in-one and lost the hole!

Dr. John J. Dillon, head of the English Department and athletic director at Mt. St. Mary's College, Emmitsburg, is searching his textbooks in order to compound an adjective to describe his feat.

It happened Sunday at the Waynesboro Country Club when Dillon and his three links partners were on the 175-yard No. 6 hole.

Dillon rapped his ball off the tee with a four iron and the little white pellet slammed into a tree ricocheted and ended up a lost ball. Dillon, now hitting three, teed up another ball.

This time he lofted the ball on a line for the pin and it zeroed into the cup as if guided by radar.

That gave Dillon a par, but his partner Joe Bock, Blue Ridge Summit, birdied the hole to win. The other two in the foursome, Capt. John Mulcahy, Fort Ritchie, and Clarence Crider, Rouzerville, each had par.

Although it will not be recognized in the true sense as an ace, Dillon will still have the memory of the thrill of a hole-in-one.

**BOXERS REACH SEMIFINALS**

NEW YORK (AP)—The big Fair drew only about 500 spectators Monday night and it was a pity. For Buster Mathis, a 6-foot-3, 298-pounder with surprising sprightliness, outpointed Dick Pettigrew, a mere 205-pounder but an experienced Navy champion, to advance to the semifinals of the Olympic Boxing Trials.

Buster, a 19-year-old sign painter from Grand Rapids, Mich., and the AAU champion, will meet Tyrone Hollins, a 196-pound soldier from Coffeyville, Kan., in the feature of the 20-hour semifinals tonight in the 18,000-seat outdoor Singer Bowl.

The winners of the 10 finals Wednesday night will represent Uncle Sam in the Tokyo Olympics Oct. 10-24.

Hollins, a left-hander, upset Al Wilson, the inter-service champion from the Camp Pendleton Marines and McKeesport, Pa., in the other heavyweight bout in the evening.

The two teams were tied at three runs each going into the fourth inning, when a four-bagger by York leftfielder Dalton Renfro broke the deadlock.

Jack Krol's fifth homer of the season gave York a 5-3 margin in the fifth and Mike Gardener's triple, followed by Ron Stillwell's run-scoring sacrifice fly in the sixth, capped the scoring.

Reading, with seven hits off starter and winner Barry Moore (1-4), left 13 men on base. Bill Prout took the loss, his second against three victories.

**AL KEMPTON RESIGNS AS DELONE COACH**

Delone Catholic High School at McSherrystown is shopping for a new head football coach.

The resignation of Alan "Bucky" Kempton as Squire coach was announced today by Rev. William R. Lyons, Delone principal.

Kempton, 32, has accepted a position as head coach at Cliffside Park, N. J.

During his five-year tenure as head of the Squires Kempton won 21 games, lost 25 and tied two. His teams won the Central Penn Catholic League championship in 1959 and 1960.

Kempton graduated from St. Cecelia High School, Englewood, N. J., and from Gettysburg College in 1958. He was an outstanding tackle on Bullet football teams and in his senior year during the 1957 season received Little All-American honors.

Rev. Lyons, in announcing Kempton's resignation, said he would now consider all applications for the vacated post.

**JIMMY CLARK, MARSHMAN WIN POLE FOR 30TH**

By DALE BURGESS

Associated Press Sports Writer INDIANAPOLIS (AP)—Jimmy Clark of Scotland, world's fastest commuter, and American Bobby Marshman will lead four former winners across the starting line for the Indianapolis 500-mile auto race on Memorial Day.

In their slipper-shaped Lotus-Fords they topped a record-smashing field in qualifications Saturday. Clark took the race day pole position at 158.8 miles per hour in a factory team car and Marshman won the second starting spot at 157.9 m.p.h. in a similar racer entered independently.

The Scot farmer hopped a plane to Mallory Park, England, and won the Guard's Trophy race there Sunday, setting a lap record on the winding course. Clark will compete in the Dutch Grand Prix next weekend before flying back to Indianapolis.

Clark, who dominated the Grand Prix international circuit last year as no driver ever did before, will be the first European to lead the 500 start since Rene Thomas of France won the pole in 1919.

**33 FASTEST TO GO**

Jack Brabham of Australia and England, another former Grand Prix champion, was left still waiting to make his qualifying run when the second time trial session ended Sunday. He plans to try again Saturday after a round trip to Holland to practice for the Grand Prix.

Sixteen cars qualified on the 2½-mile oval track Saturday and five made the line-up Sunday. The field so far has averaged 153.1 miles an hour. Parrelli Jones, last year's winner of the \$500,000 race, captured the pole position then at a record 151.1 average.

The 33 fastest cars in the trials will start the race. The qualifications continue next Saturday and Sunday.

**MELBOURNE, Australia (AP)—**The feud between Australia's Lawn Tennis Association and the country's leading players, including international star Roy Emerson, has pinned hopes for regaining the Davis Cup on a trio of second stringers.

The LTAA named Bob Hewitt, John Newcombe and Anthony Roche to the Cup squad Monday. Emerson, Fred Stolle, Ken Fletcher and Martin Mulligan, under suspension for defying an association ban on overseas competition before last April 1, were ignored by the selection committee.

# Zoo's Major Problem Is Not Animals But Lost Kids

Editor's Note: You might think a zoo's major problem is animals. It's not. AP Staffer Russ Landstrom tells you in the following story, with a delightful, light touch, of the real headache—kids, lost kids that is.

By RUSSELL LANDSTROM  
Associated Press Writer

PHILADELPHIA (AP)—You might think a zoo's biggest problem is animals. Wrong. It's kids. Lost ones.

On an average busy day at Philadelphia's huge menagerie there are more misplaced, way-faring, straying tykes than you'd find—if that's the word—at a sixth grade picnic, a county fair and a circus combined.

## IDEA BACKFIRED

"We're fairly at our wits end coping with this problem," said one harassed zoo staffer, rejoicing in a return to normal life among polar bears, leopards and orangutans.

For a short while the curators thought they had the problem licked. A little over a year ago someone came up with what seemed a truly bright idea. This was to put a sign in eye-catching color in a conspicuous place just inside the entrance to the Children's Zoo. On the sign was inscribed this query: "Have you seen my daddy and mommy?"

The zoo management reasoned that parents looking for their wandering children would know where to find them, or at least know where to make a good start—somewhere around the sign.

Unfortunately, the bright idea backfired.

## IT'S EVEN WORSE

As told by assistant curator Vincent Salvino, some people interpreted the sign to mean that the zoo was providing a kind of baby-sitting service. Now the situation is reported to be worse than ever.

Take a run-of-the-zoo weekend. Scores of lost children finally wind up in the hands of the keepers. Then it becomes a production.

Loud speakers are worked overtime. Countless telephone calls are made from place to place on the premises. Men lifted from their regular labors hoof it for miles, all told, trying to track down parents separated from their young. Meanwhile of course, the small fry must be kept out of mischief, given endless drinks of water and their sequel needs attended to.

## SUGGEST NURSERY

Nor do the vexations end with closing time. The zoo people's dreams of deliverance are often shattered. Salvino, shuddering, remembers one day when 27 kids were still looking for their parents an hour after closing time.

Strangest of all, probably, is the unnerving fact that certain parents, obviously onto a good thing, say the heck with it when they are told their offspring have been found. They collect the strays eventually, of course, but take their own sweet time about it. One woman, for example, said she put off picking up her boy because "I knew he was in good hands."

"It would be a fine idea if you people would set up a kind of nursery here, wouldn't it?" another woman said. "The children would enjoy it, and it would give us parents a chance to look around by ourselves."

ALL KINDS OF MOTHERS  
Perhaps this was the payoff: Zoo employees spent hours trying to find a certain mother. In the end, they reached her at home.

"We've got your boy here," she was told. "He was lost, you know."

"Oh, yes," she was quoted as replying. "Tell you what you do. Just give him a token and put him on a trolley. He'll be okay."

Others are more excitable. One such hustled into the main office the other day and blurted: "He's lost, my boy is lost!"

She was in such a flap that she wasn't aware that a small boy was trailing her. He was her "missing" seven-year-old son.

# MUSMANNO'S LEAD IS CUT TO 163 VOTES

HARRISBURG (AP)—Justice Michael A. Musmanno today continued to hold a narrow lead in the race for the Democratic U.S. senatorial nomination while Genevieve Blatt sought court action in an effort to win the nomination for herself.

Musmanno, who has taken a leave of absence from the state Supreme Court, led by a bare 163 votes.

The Associated Press figures include the complete vote, with absentee, from 62 counties and unofficial totals, plus unchallenged absentee ballots, from Philadelphia, Lackawanna, and Washington, Lawrence and Somerset Counties.

## PETITION FILED

In a petition filed Monday in Dauphin County Court, attorneys for Miss Blatt held the door open for a possible challenge when and if Musmanno is certified the winner. The court agreed to accept Miss Blatt's contingency challenge because Monday was the last day for filing protests stemming from the April 28 primary.

In another legal move, Musmanno attorneys asked the Supreme Court to permit the resumption of tabulating absentee ballots in Philadelphia, which had been halted by Blatt forces.

Miss Blatt is the 50-year-old secretary of internal affairs who was the first woman elected to statewide office in Pennsylvania. She has been re-elected twice.

## WOULD BE ILLEGAL

Musmanno, a judge in the Nuremberg war crimes trials, was elected to the State Supreme Court in 1951. The 67-year-old bachelor had the endorsement of the state Democratic organization in the primary race with Miss Blatt.

The Blatt petition said if Musmanno is certified the winner "the election will have been illegal, in that (he) will have won by virtue of a plurality created by illegal ballots cast, illegal recording of the vote by various district election boards and illegal canvassing and computation of the vote by various county boards of elections."

The petition said the alleged irregularities occurred in Philadelphia, Lackawanna and Fayette Counties.

## ELECT BANKER

PHILADELPHIA (AP)—Fredric A. Potts, board chairman and chief executive officer of the Philadelphia National Bank, will take over as president of the Chamber of Commerce of Greater Philadelphia on July 1. Potts was elected Monday to succeed Richard C. Bond, president of John Wanamaker, Philadelphia, Inc., who will complete two years as president June 30.

## ORGANIZATION WINS

NORRISTOWN, Pa. (AP)—The Montgomery County Democratic Committee Monday night voted into office a full slate of organization-backed candidates. Philip Doud, of Norristown, was elected without opposition to his third two-year term as chairman.

Colleen Alexander, of Springfield Township, won over incumbent Nellie Grubb, of Trappe, for vice chairman.

Present at the dedication were Judge Robert W. Hansen, Milwaukee, Wis., national program chairman for the Eagles; James Nash, Mexico City, chief of the CARE mission staff in Mexico; Harvey J. Cash, U. S. consul in Nuevo Laredo; the Mayor of Laredo, Tex., John C. Martin, and the municipal president of Nuevo Laredo, Mexico. ## ONCE AGAIN — THE REED (OR REID) FAMILY

The account of the Reed (or Reid) family of the Manor of the Masque (Maske) in what is now Adams County, Pennsylvania, is continued at this time — with more notes from the files of the "Adams Sentinel" — originally published under the dates given.

Last week the column concluded with the obituary of Samuel Minor Reed, of Cumberland Township, this County, in 1830. No additional details given — all of which adds up to another stray branch on the family tree.

25. Tuesday, September 6, 1831—

"Died, at his residence in Millers-Town (now Fairfield), this County, on Friday, September 2nd, 1831, John Reed, Esq., in the 86th year of his age. He was born in Chester County, Pennsylvania, in 1746. In the year 1751 he, with his father, removed to near this place. In 1776 and 1777, he, with his six brothers, shouldered their rifles and muskets and marched to the battlefield in defense of those natural rights and privileges which we now enjoy.

## WAS MAGISTRATE

"In 1784, he with his family, removed to near the town of Huntingdon (then in Bedford County, Pennsylvania) and remained there four years. In 1807 or 1808 he held the Commission of Magistrate and executed its duties until 1822, when the infirmities of age rendered him unable to attend to any of the ordinary concerns of life.

Note: — At long last some background material on the Reed family and this in no "uncertain terms." Apparently there were seven Reed (or Reid) brothers and all were veterans of the War of the American Revolution.

John Reed is buried in the Lower Marsh Creek Presbyterian churchyard and the inscription from the marker at his grave reads as follows:—

4. "In memory of — William Reid, — who departed this life — September 2nd, 1831. — In the 86th year of his age.

## PIETY AND VIRTUE

"Also of Mary Reid — Died August 15th, 1834 — Aged 84 years."

Mary Reid (or Reed) was the wife of John Reid, Esq., and she survived her husband by some three years.

26. Monday, August 25, 1834 — "Died on Friday, August 15, 1834, Mrs. Mary Reid, the widow and relict of John Reid, Esq., deceased, of Hamilton, bann Township, this County, aged 84 years on the day of her death. Eminent for piety as well as for virtue, she died, as she had lived, a sincere Christian."

27. Monday, December 22, 1834—

"Married, November 24th, 1834, by the Rev. David Denny, of Chambersburg, Pennsylvania, Mr. Elihu D. Reed, merchant, son of Colonel James Reed, of Millers-Town (now Fairfield), this County, to Miss Elizabeth Culbertson, the daughter of Dr. S. D. Culbertson — all of Chambersburg, Pa."

Note: — Elihu D. Reed was a son of Col. James Reed of this County, but, apparently in the young man went to Chambersburg, in Franklin County, and "set up in business for himself." There he married into the Culbertson family, of "Culbertson's Row," one of the oldest and best of the pioneer clans in the Cumberland Valley.

28. Monday, March 28, 1836—

## "UNPLACED" MEMBER

"Married, on March 8th, 1836, the Rev. Charles G. McLean, of this County, Mr. Andrew Reid to Miss Mary White, the daughter of Captain Samuel White, both of Liberty Township, this County."

Note: — Again — an "unplaced" member of the Reed family — a part of the clan, beyond the shadow of a doubt, but unknown insofar as background and immediate relationships are concerned.

Mary (White) Reed was a daughter of that Captain Samuel White of the War of 1812-14 fame. Andrew Reid and two of his children are buried in the Lower Marsh Creek churchyard and the inscriptions from their grave markers are as follows:—

5. "In memory of — James C. Reid — son of Andrew and M. Reid — Died September 8th, 1852 — Aged 1 year."

29. Monday, September 20, 1852—

"Died of Dysentery on September 8th, 1852, James Columbus Reid, the son of Andrew and Mary Reid, of Freedom Township, this County, aged 1 year and nine days."

"Died, September 9th, 1852, at the residence of Mr. Andrew Reid, in Freedom Township, this County, Mr. Henry Lambert, aged about twenty years."

6. "In memory of — William A. Reid — son of Andrew and M. Reid — Died September 12th, 1852 — Aged 10 years."

30. Monday, September 20, 1852—

"Died of Dysentery on September 12th, 1852, William Andrew Reid, the son of Andrew and Mary Reid, of Freedom Township, this County, aged 10 years and 11 days."

7. "In memory of — Andrew Reid — Died January 25th, 1869 — Aged 58 years."

31. Friday, January 29, 1869— "Died on Monday morning January 25th, 1869, Andrew Reid, of Freedom Township, this County, aged 58 years, 10 months and 12 days."

32. Monday, August 6, 1838—

"Died, Tuesday night, July 31, 1838, Mrs. Mary Reid, wife of Mr. William Reid, of Strabane Township, this County, in the 40th year of her age."

Note:—Mrs. Mary Reid, the wife of William Reid — another unknown member of that numerous clan — who was only 40 years of age at the time of her death. If she is buried in either Lower Marsh Creek or Great Conewago Presbyterian churchyards — her grave was not marked or else the stone has long since "taken legs."

The notes on the pioneer families of Lower Marsh Creek will be continued next week.

# SYNOD TALKS ABOUT RIGHTS

BUCK HILL FALLS, Pa. (AP)—The Eastern Pennsylvania Synod of the Lutheran Church in America, in a forthright statement on the civil rights issue, has outlined ways its 560 congregations can "express their witness to the community."

The Rev. Dr. Samuel Kidd, synod president, noted Monday that the assimilation of all newcomers, not only Negroes, is a problem in many congregations, but the emphasis of the statement was clearly on racial integration.

It advised that the synod help congregations to face their new responsibilities in changing communities; that it encourage congregations to seek Negro members; that pastors and congregations show active concern for guarantees of civil rights; and that they use their leadership and influence to maintain peace when housing is integrated.

If racial violence occurs or is threatened, the statement said, synod officials and the local pastor should meet to work out a plan.

The delegates also recommended recruiting and giving financial aid to promising Negro students.

HARRISBURG (AP)—Gov. Scranton will lay the date stone for the new \$9 million William Penn Memorial Museum in the state Capitol complex Wednesday. The round building, started in 1960 after 20 years of planning, is scheduled to be opened this fall.

## URGES PAPERS TO HAVE ROLE IN CAMPAIGNS

UNIVERSITY PARK, Pa. (AP)—The editorial page editor of the New York Herald Tribune wants newspapers to take a more aggressive role in political campaigns.

Honest reporting and a vigorous expression of opinion go a long way toward an enlightened voting public, said Dwight Sargent Saturday.

Sargent spoke at the closing session of the 1964 Pennsylvania Press conference.

### "GET INTO POLITICS"

He implored editors across the country to play the part they were intended to play in politics—"not by running for public office, but by putting the fear of God into those who do."

Another highlight of the conference was the announcing of the winners of the 1964 Keystone Press awards, an annual competition sponsored by the Pennsylvania Publishers Association, the Pennsylvania Society of Newspaper Editors and the Pennsylvania State University School of Journalism.

### OTHER WINNERS

Top honors in the sweepstakes awards went to the Wilmington, Del., News-Journal, which won Division 1 for papers with a circulation of 49,000 or more.

Second place in Division 1 went to the Harrisburg Patriot-News, which had won division honors the first five years in the six-year history of the awards.

Other winners were: Division II, for papers with between 15,000-49,000 in circulation—Bristol Daily Courier-Levittown Times; Division III, under 15,000—State College Centre Daily Times; Division IV (weeklies)—Ardmore Main Line Times.

### ELECT EASTON MAN

In addition to the sweepstakes winners, individual awards were announced in 16 categories in each of the divisions.

In other business at the conference, Donald P. Keith of the Eastern Express was elected president of the Pennsylvania Society of Newspaper Editors, succeeding Blair Bice of the Morris Cove Herald, Martinsburg.

Meanwhile, Anne E. Kovalenko, feature writer of the Allentown Call-Chronicle, was selected Pennsylvania's newspaper-woman of the year by the Pennsylvania Women's Press Association.

Rita McInerney of the Bethlehem Globe-Times was elected the new president of the Women's Press Association, succeeding Pat Hinton of the Altoona Mirror.

## GOP DECLARES RACE WIDE OPEN

By JACK BELL

SAN FRANCISCO (AP)—Assessing Gov. Nelson A. Rockefeller's Oregon victory, Republican governors agreed generally Monday that the contest for the GOP presidential nomination remains wide open.

Some of the seven state chief executives who responded to invitations to comment on their party's political situation indicated they think the June 2 California primary may be a decisive factor in determining the nominee.

Rockefeller, who won Oregon's 18 convention votes in that state's balloting Friday, faces Sen. Barry Goldwater of Arizona in the last significant primary before the party convention opens here July 13.

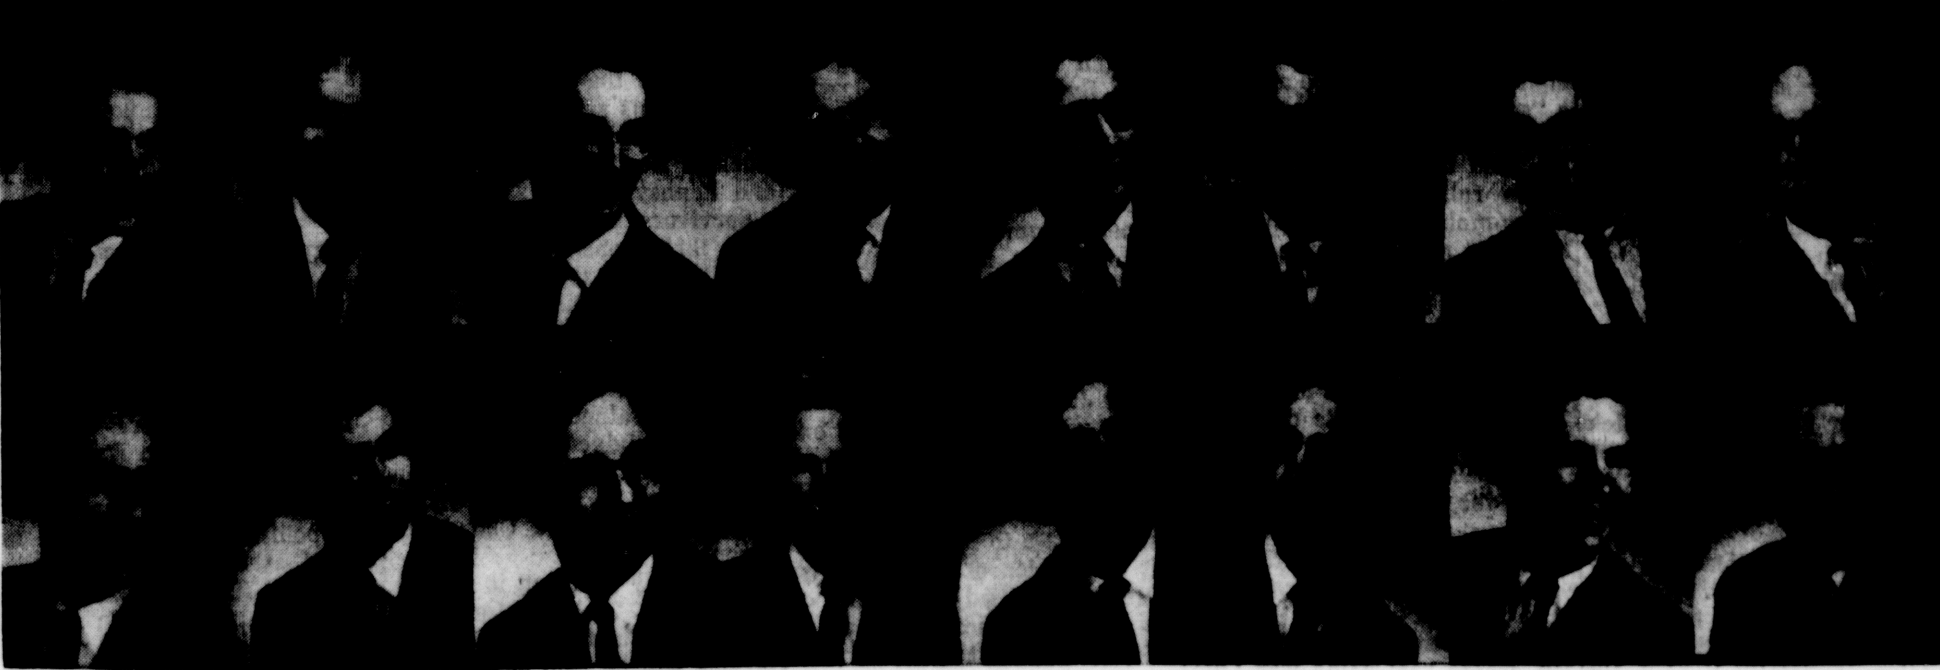

Gov. John Anderson of Kansas, chairman of the National Governors' Conference, said the Oregon primary in which Rockefeller topped U.S. Ambassador Henry Cabot Lodge,

## FINN'S DEATH APT TO CHANGE RED COMMAND

By REINHOLD ENSZ

MOSCOW (AP)—A new shift in the Soviet Union's top command likely will result from the death of Otto Kuusinen, Finnish member of the Communist party's 12-man presidium and one of the last old Bolsheviks.

Kuusinen, 82, was appointed to the presidium at Premier Khrushchev's bidding after the ouster of Georgi Malenkov, V. M. Molotov and Lazar Kaganovich in 1957. His death from cancer of the liver was announced Sunday.

### LAST LENIN LINK

He was one of the last direct links of the party leadership with Lenin.

There was speculation that Khrushchev, visiting in Egypt, and First Deputy Premier Anastas I. Mikoyan, visiting in Tokyo, would speed home to take part in the appointment of Kuusinen's successor.

Frequently mentioned is Viktor Grishin, a candidate member of the presidium and head of the trade unions.

Kuusinen's death also could provide Khrushchev with the opportunity of replacing two ailing members of the presidium—Frol Kozlov, 54, incapacitated by a stroke, and Nikolai Shvernik, 76.

Khrushchev, 70, returned to "shows the Republican nominee in San Francisco is not settled yet."

"Goldwater certainly is leading in delegates but I don't think it's in the bag," Anderson said.

Goldwater placed third in Oregon with Richard M. Nixon fourth.

Gov. Robert E. Smylie of Idaho said the Oregon results will increase the importance of the California primary outcome.

## Negro Methodists May Dissolve Plan

PHILADELPHIA (AP)—The 40,000-member Delaware Conference of the Methodist Church will consider dissolving at its centennial session opening here this week.

The conference includes 164 Negro congregations in New Jersey, Long Island, New York City, Eastern Pennsylvania, and the Delmarva Peninsula.

Dissolution would have to be ratified by two thirds of the conference congregations. An alternate proposal would permit churches to join the white conference in which they are located.

Cairo Sunday, tired and strained after a hectic four-day tour in the 100-degree heat of upper Egypt, 430 miles south of Cairo.

The tumultuous reception he received at every stop in Egypt undoubtedly added to the premier's fatigue. He canceled a visit to a steel mill today and an officers' dinner tonight but planned to go ahead with scheduled talks with President Gamal Abdel Nasser.

Kuusinen's body lay in state in the Hall of Columns of the House of Trade Unions, the same place where Stalin lay. He was to be buried Tuesday in Red Square.

Kuusinen was born in Finland when it was part of the Russian empire. He headed a puppet Soviet government during the Russian invasion of Finland in 1939-40 and was denounced by the Finns as a traitor.

Kuusinen had first fled to Moscow in 1939 when the Communist party was outlawed in Finland. He became a leading Soviet Communist the next year. His daughter, Herta Kuusinen-Leino, is one of Finland's leading Communists.

## Voting Machines Urged For State

PITTSBURGH (AP)—The paper ballot causes "senseless delay, confusion and even suspicion" and should be abolished by Pennsylvania, say two Allegheny County commissioners.

William D. McClelland and John E. McGrady, both Democrats, made this observation Saturday in a joint statement submitted to Will E. Alton, Allegheny County elections director.

Alton is a member of the governor's advisory commission on election and election laws which will meet June 4 in Philadelphia to consider possible changes in the election code.

The two commissioners said voting machines for use in primary and general elections should be installed in every county.

They referred to the delay in the final outcome of the race for the Democratic nomination to the U. S. Senate between State Secretary of Internal Affairs Genevieve Blatt and State Supreme Court Justice Michael A. Musmanno.

## A Lovelier You

By MARY SUE MILLER

THE MILKY WAY. A teen lovely writes: I have heard that ladies once took milk baths to keep their skins smooth and fair. Is there anything to it? And how would you go about taking one?

The Answer: Milk contributes mightily to the beauty of the skin. All the more when you drink it! You'd be getting the most were you to step into a milk bath with a glass of milk in your hand, and than sip while you loiter.

In may come as a surprise that many modern charmers are devoted to milk baths, updated ones. Actually a milk bath is now an afterbath treatment and more of a "do" than most girls-on-the-go may bargain for. It can be recommended, though, to the adventure-some of all ages. The hour for it is bedtime.

A good sudsy brush-scrub and thorough rinsing comes first, either under the shower or in the tub. After that you supply yourself with a glass of milk, or a glass of water if you are in the umpteenth group. You then fill the tub with steamy water and trickle in a packet of instant milk, whipping it up to a froth with your hand.

Now sip and soak. The combination of a cold beverage and steaming encourages cleansing perspiration, while the milk content does its work. Let 10 minutes go by before you arise and very gently pat dry. Follow up in the morning with a quick shower or bath. You must not leave the

milky residue on your skin to sour. For continuing benefits take frequent milk baths and, if the results are all you hoped for, why not?

## COMMIES KEPT KENNEDY NEWS FROM AIRMEN

By C. S. CHIN

SEOUL, South Korea (AP)—Two Army helicopter pilots disclosed Monday their Communist captors withheld word of President John F. Kennedy's assassination from them for days.

The two U.S. officers also said they were kept apart during most of their year of imprisonment in North Korea.

Capt. Ben W. Stutts, 31, of Florence, Ala., and Charleton Voltz, 26, of Frankfort, Mich., revealed some aspects of their captivity in a brief meeting with Lt. Gen. Thomas W. Dunn, U.S. commander in Korea.

The conversation was tape-recorded at the military hospital and the Army released a transcript to newsmen. The Army has refused to allow a news conference.

### REMAIN IN HOSPITAL

Stutts and Voltz, who were freed Saturday, remain under medical observation. Hospital officials described their condition as good.

Dunn raised the question of Kennedy's assassination. Voltz said he heard about it on Thanksgiving Day—six days later.

His guards were "very proud of the fact," Voltz said. "They had a big smile and said he had been shot by some loyal Communist party member in the United States."

Stutts said: "I was told on Dec. 7 that he was assassinated. But that's the only thing they told me about it."

The two pilots were captured May 17, 1963, when their helicopter was forced down by Communist gunfire while they were inspecting border markers.

Stutts said North Korean army officers turned them over to civilian guards 13 days later.

Dick Lynch of the New York Giants set a National Football League record in 1963 when he ran three pass interceptions for touchdowns. The previous record of two was shared by 25 players.

# Children Hold Reunion After 70 Year Separation

WILMINGTON, Del. (AP)—A sister, separated 70 years from other members of her family, was reunited with some of them Sunday because of a Wilmington News-Journal photograph transmitted by The Associated Press.

Edna M. Baker, 73, of Mount Holly, N.J., met with her brother and a sister for the first time since they were placed in orphanages and foster homes 70 years ago when their parents separated.

Mrs. Baker got on the track of her missing relatives when she saw a picture taken by News-Journal chief photographer Bill Snead on April 5 as the funeral cortege of General of the Army Douglas MacArthur crossed the Delaware Memorial Bridge. Visible in the photo was Charles E. Mulholland, state commander of the Veterans of Foreign Wars.

Mrs. Baker saw the photo in another newspaper. Hoping Mulholland might be her brother, Mrs. Baker called him.

"Did you have a sister named Edna?" she asked.

"No, but my father did," said Mulholland, who turned out to be her nephew. His father, Edward Mulholland, died in 1900, at the age of 67.

Mrs. Baker was only 3 when her family broke up.

"I remembered I had two brothers, Charles and Edward," she said Sunday. She said she did not remember having any sisters, but Verdie Graff, 69, of Marion, Ohio, a sister, and her brother, Charles Mulholland, 79, of Montebella, Calif., were on hand for the reunion.

There are two more sisters, Hattie Rich, 72, and Bessie Lenox, 81, both of Providence, R.I. Mrs. Baker said she hopes to meet them again soon.

## Senator Kennedy Helps Brewster

BALTIMORE, Md. (AP)—Sen. Daniel B. Brewster has rested his campaign to block Gov. George C. Wallace in Maryland's Democratic presidential primary today after touring a section of Baltimore with Sen. Edward M. Kennedy, brother of the late president.

Wallace, governor of Alabama, makes his last personal appearance tonight at a rally in a Baltimore suburb.

A crowd of about 3,000 turned out for the street parades to greet Kennedy and Brewster in South Baltimore, an area of varied ethnic groups, largely Italian and Polish.

Kennedy compared the neighborhood to South Boston, and said: "The Irish and the Poles came to this country looking for a better life, the Democratic party gave it to them."

## USE HOSES TO QUELL BRAWL

MICHIGAN CITY, Ind. (AP)—Fire hoses were used to quell a brawl in a crowd of about 200 Negro youths in an informal party Sunday at a lakeside beach.

"The firemen kinda wetted them down," reported Detective Capt. Ralph E. Stormer. "It took only a couple of squirts. We got it stopped very, very quickly."

Four Negro youths were arrested. Two were treated at a hospital. Patrolman Norm Wilson suffered a shoulder separation trying to stop the fight and his partner, Russell Yorkey, was scratched and bruised as about two dozen youths pelted the officers with stones.

Stormer said the youths were from the Chicago suburbs of Dixmoor and Harvey, Ill., about 50 miles west of here. He said they went to the park along Lake Michigan early in the day after a high school prom. Stormer said fights apparently grew out of two youths' disagreement over a drink of whiskey. The stones began to fly when some 70 city, county and state policemen waded in to halt the brawling.

The Kansas City Athletics' winter roster of pitchers had an international flavor. Three were born in Cuba, two in Canada and one each in Poland and Puerto Rico.

# 7 STATES WILL NAME CHOICES TO BIG MEETS

WASHINGTON (AP)—In addition to today's Maryland Democratic primary, six state conventions are on tap this week to choose presidential nominating delegates of the two parties.

Republican conventions will be held in Arkansas on Thursday, Alaska on Friday through Saturday and Illinois on Saturday. Democratic conventions are scheduled in North Carolina Wednesday, Rhode Island Thursday and Iowa Saturday.

With the Republican National Convention eight weeks from today, The Associated Press survey of how delegates will cast first ballot votes shows Sen. Barry Goldwater of Arizona running well ahead of other potential nominees, although far short of the 655 needed for the nomination.

## LEADERS IN SURVEY

The survey shows Goldwater with 287 votes, Gov. William W. Scranton of Pennsylvania 67, Ambassador Henry Cabot Lodge 43, Gov. Nelson A. Rockefeller of New York 28, Sen. Margaret Chase Smith of Maine 15, former Vice President Richard M. Nixon 7.

Favorite son candidates have 94 votes and 218 delegates are listed as uncommitted.

Goldwater is expected to pick up more delegate strength at the Arkansas GOP convention Wednesday and the Illinois convention Saturday.

But advance indications are that he will have trouble in the Alaska convention beginning Friday, with most of the state's 12 votes apparently headed for Rockefeller, Nixon or Lodge.

By THE ASSOCIATED PRESS BUENOS AIRES, Argentina (AP)—Reports circulated Monday that the United States will pump \$15 million military aid into Argentina against the prospect that neighboring Chile will elect a Communist-backed government September.

An informed U.S. source said the United States is making Argentina the chief beneficiary of military aid in Latin America as the "best bet for strengthening the hemispheric defense system against the threat of communism."

Thorez, 64, who has a bad heart, was succeeded by Waldeck Rochet, 59, a Moscow-trained moderate and specialist in agriculture.

BOMBAY, India (AP)—Foreign capitalists will be asked on a "selective and discriminating" basis to help India move down the road to socialism.

The ruling Congress party's policy-making All India Committee, at a party conference Sunday, endorsed increased state control of business and industry while at the same time encouraging foreign nations and capitalists to finance attacks on the nation's economic chaos.

## Gene Goodling Wins At Two Speedways

MECHANICSBURG, Pa. (AP)—Gene Goodling of Stoverstown had quite a time for himself Sunday in modified stock car racing competition.

First, he appeared at the Williams Grove Speedway in Mechanicsburg and won the 40-lap feature race.

Then Sunday night, Goodling went over to the nearby Susquehanna Speedway at Newberrytown and came home the winner in the 25-lap feature there.

In all, including trial heats, Goodling drove a total of 85 laps for four events. Each track is a half-mile in distance, giving Goodling a racing mileage of 42 1/2 miles for the day.

## MAY DEPORT THE BUTCHER

WASHINGTON (AP)—On a 4-4 tie vote, the Supreme Court upheld Monday a decision that Herman F. Marks, known as "The Butcher" for Prime Minister Fidel Castro in Cuba, could be deported from the United States as an alien who entered this country without proper documents.

Marks was born in Milwaukee, Wis., in 1921, and became a henchman of Castro after the overthrow of the Batista government.

The Justice Department said Marks was in charge of the execution of numerous persons at La Cubana fortress. Marks served in the Castro army from January 1959 to May 1960, without permission of U.S. officials.

He was notified in Havana of his loss of nationality, but in 1960 he entered this country at El Paso, Tex., without an immigration visa or other document. The U.S. Circuit Court in New York ruled he could be deported as an alien. In his appeal to the Supreme Court, Marks said he had never renounced his citizenship by declaration or by act.

## Fights Rage Among 'Teens

LONDON (AP)—Teen-agers by the hundreds, split into rival groups based on their styles of dress, brawled at resorts on Englands southern coast today for the second straight day.

Brighton, the main trouble spot, was a virtual battleground between hordes of youngsters. Fighting raged up and down the beach and ocean boulevards.

Reinforced squads of police, many on horseback, moved in and began trying to nudge the swirling mobs out of the center of the bustling resort town. They did not appear to be having much success.

Officers arrested 50 youths on charges of assault or obstructing police.

At Margate, where 60 teen-agers were held overnight after disorders Sunday, the magistrate started handing out jail terms ranging from three to six months and fines of from \$140 to \$210.

# GERMAN YOUTH MARK FESTIVAL

BERLIN (AP)—East Germany's Communist youth festival appeared to run more smoothly Monday after several night brushes between police and crowds of youngsters.

Disturbances were reported from three areas in East Berlin during the night, but Western diplomatic sources said they felt political motives were involved at only one spot.

At Karl-Marx Allee, the Communist sector's main street, fights broke out during political arguments and witnesses reported police moved in with nightsticks to break up the disturbance.

## GATHER AT WALL

About 350 youngsters gathered near the Communist wall dividing Berlin.

At Unter den Linden, near the Brandenburg Gate, about 350 blue-shirted youngsters of the Free German Youth Movement apparently tried to get a close look at the wall. They were pushed back by police.

At the Bornholmerstrasse crossing point into West Berlin's French sector, similar incidents occurred.

There were no reports that any East Berliners or West Germans were involved in the disturbances.

The Communists said about 500,000 youths from throughout East Germany were taking part in the three-day festival which ends tonight.

# PARENTS HALT BOY'S SPLURGE AT WORLD FAIR

NEW YORK (AP)—Dominick Tucci's run of the World's Fair ended Sunday after 11 days and nights. He thought it was a shame. He had planned to spend the summer there.

When Dominick, 12, left his Long Island home, he had hinted that he was bound for the fair. And that's where they found him, still the object of a 17-state police alert.

## REUNITED WITH FAMILY

Somewhat disheveled, but well-fed, Dominick was reunited with his parents, five sisters and a brother.

"I got away from seven cops, and a woman had to catch me," he said.

The woman, Naomi Sallod, works at the fairgrounds and recognized him from newspaper pictures.

The boy's parents, Mr. and Mrs. Benito Tucci, had gone to the fair in Flushing Meadow, Queens, every day to look for him, but with no luck.

Dominick started his safari by sneaking aboard a Long Island Rail Road train at Port Washington, his hometown.

## CLIMBED OVER FENCE

He climbed a fence to get into the fair. He said he was thrown out a couple of times, but just climbed back again.

Dominick, a well, picking up \$5 a day retrieving good luck coins tossed into several fountains.

For sleeping, Dominick secluded himself in several pavilions, including one with a ship board setting complete with lifeboat.

Was he afraid at night? "There's nothing to be afraid of," said Dominick. "The place is crawling with cops."

## GLAD TO BE HOME

Was he glad he had been discovered?

"I don't know," he said. "I'm a little homesick. I guess I'm glad."

Dominick's father is a bricklayer. His mother, Lillian, said of her oldest son, "He's adventurous, but not a bad boy."

Dominick, a seventh-grader at St. Peter's parochial school in Port Washington, is a Roman Catholic.

He said he ate hamburgers almost every day.

"I ate chow mein on Friday," he said.

## PAT BOONE'S GOING TO SELL BEATLES IN OIL

By BOB THOMAS  
AP Movie-Television Writer

HOLLYWOOD (AP)—Around the lots in 80 dots. If you can't beat 'em dept.: Pat Boone's company is planning to merchandise reproductions of oil paintings of the Beatles.

Pat, who'll be 30 June 1, is the hit of the prom season at the Cocoanut Grove. His big opening hostess was Gina Lollobrigida, a symphony in pink; she stayed under the sun lamp too long. Rock Hudson sat ringside betwixt Gina and Zsa Zsa Gabor, who chattered through Pat's performance.

### START A TREND?

Could Barbara Stanwyck-Robert Taylor costarring in "The Night Walker" start a trend of divorced couples in films? How about Debbie Reynolds and Eddie Fisher in "Never Too Late"? Or Shelley Winters and Vittorio Gassman in "Divorce—Italian Style"? Or Lana Turner and Rita Hayworth and ex-husbands in "The Crowd Roars"?

Charlton Heston is itching to start "The Agony and the Ecstasy." He grew a beard for "Major Dundee," then had to shave it for a flashback scene at the end of the picture. Now he has to raise a new crop to play Michaelangelo in Rome.

Cary Grant is another bearded one for "Father Goose." When he left Universal commissary in stubble and rags, a reporter offered him the loan of a dollar. He took it. "I should have done that," said Jack Benny. "Think of my image!"

## BISHOP CORSON IN LAST TERM

SCRANTON, Pa. (AP)—Bishop Fred Pierce Corson Monday night indicated a hope that he will continue for four more years as presiding bishop of the Wyoming Methodist Conference, but noted "we are confronted with a very troublesome aspect of ecclesiastical reapportionment."

The bishop spoke at a dinner given for him and his wife here by the Wyoming Conference.

Both the bishop and his wife indicated that it is by no means definite that they will remain with the conference or the conference with them for four more years.

In speaking of the ecclesiastical reapportionments, Bishop Corson made reference to anticipated action by the Jurisdictional Conference which is to convene next month in Syracuse N.Y.

He implied that a decision already had been reached, saying, "I never believe that any decision is final until it has been put in effect."

Earlier in his talk, the bishop noted, "it is a matter of public knowledge that this is my last quadrennium."

## News Briefs

PHILADELPHIA (AP)—Francis R. Smith, Democratic city chairman, has predicted the party's State Committee will re-elect Otis B. Morse as chairman at a reorganization meeting May 27 in Harrisburg. A group of organization leaders has 43 of the 114 State Committee members in its camp, Smith said Saturday in making the prediction.

PHILADELPHIA (AP)—Davis Supowitz, 70, an architect who designed more than 500 building projects in the Philadelphia area and a noted philanthropist, died Sunday at Einstein Medical Center. Cause of death was not given.

PHILADELPHIA (AP)—A friend whose knocks went unanswered crawled through a window of a South Philadelphia house Sunday and found the bodies of Arthur and Emma Brown, both about 70. The couple had not been seen for about two weeks. Sidney Schuler, 26, told authorities he often gave the Browns a Sunday ride and decided to investigate when there was no response to his knocks. Detectives said there were no signs of violence.

### TO VOTE WEDNESDAY

FRANKLIN, Pa. (AP)—Some 750 machinists are to vote Wednesday on contract changes agreed to by Joy Manufacturing Co. in an effort to end a short strike.

Arnold E. Smith, business agent for the International Association of Machinists, said the agreement came Monday at a meeting between representatives of the company and IAM Local 1842.

The New York Yankees have finished in the American League's first division every year since 1925.

## PA. DEMOCRATS DELAY SESSION

HARRISBURG (AP)—Uncertainty surrounding the outcome of the Democratic race for the U.S. Senate nomination has forced the party's state committee to set back its reorganization meeting to June 3.

Main order of business at the meeting will be the election of a state chairman, vice chairman and treasurer for two-year terms.

Democratic State Chairman Otis B. Morse noted Monday that committee rules call for the reorganization meeting to be held the fifth Wednesday after the primary election, which would be May 27 this year.

"After consultation with all of the Democratic statewide candidates and the two principal contenders in U.S. senatorial race, it was decided that a delay would be advisable at this time," Morse said.

The race for the senatorial nomination finds Genevieve Blatt, secretary of internal affairs and secretary of the state committee, locked in a close battle with Justice Michael A. Musmanno of the State Supreme Court.

### UPSET VICTORY

PHILADELPHIA (AP)—Mrs. Mary Devlin Cooper, sister of the late Congressman William Green Jr., was re-elected leader of the 57th Ward Monday night in an upset victory over a candidate backed by Francis R. Smith, city Democratic chairman.

In another development, Smith stepped down as head of the 58th Ward organization in favor of Councilman Robert Winkelman, so he could devote full time to his duties as city chairman.

# Wheat Prices Must Decline To Meet New Federal Plan

By OVID A. MARTIN  
Associated Press Farm Writer  
WASHINGTON (AP) — Government grain market reports show that wheat prices must decline sharply in the next six weeks if they are to adjust to the lower levels envisioned by the administration's new wheat adjustment program.

The average farm support will drop from \$1.82 a bushel for 1963 wheat to \$1.30 for 1964 wheat on July 1. But for farmers cooperating with the new program, returns will be supplemented by marketing certificates averaging 47.5 cents a bushel on 90 per cent of the normal production of their acreage allotments and by land diversion payments.

This lower support level will reflect about \$1.47 at Pacific Coast markets, \$1.63 at north central markets, \$1.57 at central markets, \$1.77 at gulf ports markets and \$1.56 at south central markets.

## MARKET SUPPORTS HIGHER

Supports at terminal markets are higher than farm supports because they reflect transportation and handling charges involved in moving wheat to these markets.

Yet, on May 14, cash prices at these markets ranged from 48 to 75 cents a bushel above price support rates. In recent weeks, cash wheat prices have fluctuated. Some weeks they appear to be headed for the lower level. Then they jump up again.

Certainly, market prices must adjust to the support level if the administration is to be able to carry through a promise that the new program would not increase flour and bread prices.

Millers must not only pay the prevailing market prices, but under the new program they must pay a processing tax of 70 cents a bushel. If the total cost of wheat to millers exceeds \$2.00 there is a possibility they would have to charge more for flour.

## TEMPORARY SHORT SUPPLY

The administration has said that 1964-crop wheat should cost millers not more than an average of \$2 a bushel—a market price adjusted to the \$1.30 support plus the 70 cent tax.

Of course, it is possible that market prices may not adjust fully to the new and lower support until the harvest season is well along in July and August. There is a temporary short supply of wheat held by the trade outside of government surplus stocks. The trade has been operating on a hand-to-mouth basis because of the prospect of the lower prices.

Some farm and trade groups have insisted all along that the administration's program would force millers to pay more—and the tax taken into account—than during the current marketing year, and that as a consequence there would be an increase in flour and bread prices.

The Council of California Growers reports its members are having difficulty getting unemployed city workers to take farm jobs so long as the government surplus stocks are available.

A program permitting the importation of Mexican workers expires at the end of this year. The California Council, in preparing for next season, has been trying to recruit American workers to take their place.

Today may bring decisions on what additional steps the administration will take to help bolster sagging cattle prices.

Secretary of Agriculture Orville L. Freeman and his aides wind up a two-day closed meeting with a national advisory committee on cattle to consider what could be done to strengthen prices.

In addition to the Linotype and Intertype, several other line casting machines have been developed for use in the composing room.

# TUGBOAT AIDS BURNING SHIP; 10 ARE MISSING

LONG BEACH, Calif. (AP)—A tugboat stood by a burning freighter 20 miles off a remote Mexican coast today after a grim night's vigil.

Crewmen awaited a chance to board the ship. There was little hope of finding anyone alive.

Ten persons, including the captain, were unaccounted for from the Norwegian freighter Sandanger, hit by fire and explosions Monday.

It was not known if the missing were still aboard, but rescuers doubted they could survive the flames or the choppy seas.

An air and sea search was halted after life rafts were found either empty or overturned, the Coast Guard said.

The body of an unidentified woman was recovered from the sea by a Japanese ship, the Boston Maru.

Forty-five survived the disaster, the Coast Guard said. They were taken aboard the German freighter Bodenstein, which went to the aid of the stricken ship.

The 450-foot Sandanger was sailing southward en route from Long Beach to Le Havre, France, via the Panama Canal when the ship caught fire off Baja, Calif., 400 miles from Long Beach.

The cause of the fire was not known.

None of a half-dozen rescue ships was able to board the Sandanger due to the intensity of the fire, feeding on a cargo of cotton bales and wood pulp.

The tug Sea Eagle reached the Sandanger Monday night and described it as a "floating furnace."

The stricken vessel's agent said seven passengers, all of California, the captain, John Kellmer, and two stewards were unaccounted for.

## PA. SOLDIER IS KILLED

PANAMA CITY, Fla. (AP)—A Drexel Hill, Pa., soldier was among three technical sergeants killed Monday when a small missile being readied for test firing from an airplane exploded at nearby Tyndall Air Force Base.

Eight other persons were injured, including four civilians from Middletown, Pa., on temporary assignment at Tyndall.

Killed were T.Sgt. Nicholas Markellos, son of Mr. and Mrs. Peter Markellos of Drexel Hill; T.Sgt. William E. Linker, China Grove, N.C.; and T.Sgt. Julius Crochet, Loreauville, La.

The Pennsylvania injured, none seriously, were Robert K. Clare, Eric L. Kinter, Kenneth H. Moyer, and Samuel J. Misiti.

An Air Force spokesman said the liquid fuel of the missile exploded, but the explosive charge of the warhead did not go off. Cause of the accident was not immediately determined.

## NONFARM JOBS UP

PHILADELPHIA (AP)—Nonfarm employment in the Middle Atlantic region of New York, New Jersey and Pennsylvania increased by 71,000 in March, with most of the increase centered in the nonmanufacturing industries.

Employment in those industries increased by 62,500 to 7,976,700. Overall nonfarm employment rose to 11,951,500.

PHILADELPHIA (AP)—County Judge J. Sydney Hoffman, acting on a recommendation by Asst. Dist. Atty. Paula S. Rand, has dismissed a homicide charge against Charles Turner, 17, of Philadelphia.

Turner and William Tomlinson, 19, had been charged in the fatal shooting of David Meglin, 16.

## PAIR SENTENCED

PHILADELPHIA (AP)—Frederick McCoy and Norman Bowie, both 14, have been sentenced to correctional institutions for snatching handbags from Temple University coeds.

Patrolman Charles Gray of the Juvenile Aid Division, said that over the past five months, McCoy had grabbed purses on an average of one a day. McCoy said it was an "easy" way to get money.

## Competition Stops 12-Mile Railroad

OKMULGEE, Okla. (AP) — One of the nation's smallest railroads—12 miles long—is closing down because of pipeline and truck competition.

W. J. Winkle, vice president, said the Okmulgee Northern Railway received authorization Monday from the Interstate Commerce Commission to end operations.

The line, which has two diesel engines, 10 employees and assets estimated at \$237,751, connects this eastern Oklahoma town to a Kansas, Oklahoma & Gulf Railroad junction. The little line was one of the few that operated at a profit during the depression years. It was built in 1916 to serve two oil refineries.

## CRITIC LIKED NBC'S SCARY SHOW OF WEEK

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP)—"Don't Go Upstairs," Sunday night's NBC "Show of the Week" drama, was a scary nightmarish story that with subtle exaggeration delicately telegraphed its punch ending.

It was the experience of an overly imaginative little girl whose parents carried on constant verbal warfare. The story was well written by Roger O. Hirson, who sustained the dreamy quality but added some whimsical touches including a black and white cat named Scott whose mate was named Zelda.

Most impressive was the acting talent of young Connie Scott. Miss Scott was so very good that one was not even annoyed at the "surprise ending"—which one began to suspect and anticipate early in the program.

It was an interesting and off-beat television experiment.

**FEW CONFIRMATIONS**  
Mort Werner, NBC programming vice president who also is president of the embattled National Academy of Television Arts and Sciences, last Friday asked "Emmy" awards nominees, and performers invited to present awards on NBC's May 25 awards special show, to let the network know whether they would appear on the show.

By late Sunday, NBC said, appearances were confirmed by E. G. Marshall and Joey Bishop, East and West Coast hosts of the show, and by Danny Kaye and Dick Van Dyke, both CBS stars, who are scheduled to open the show with a sketch.

Other non-NBC stars who have confirmed are ABC's Inger Stevens and Patty Duke. NBC also said that CBS' George C. Scott had said he would appear, although the company that packages his show, "East Side, West Side" has announced its withdrawal of support from the awards.

NBC added that no refusals had been received from invited entertainment stars.

**STRIKE SETTLED**  
The strike of a New York union of scenic artists was settled over the weekend, ending a threat to future East Coast production of television dramatic shows. Two of the five shows produced in New York are expected, however, to make some episodes in Hollywood — "The Defenders" and "The Nurses," both made by the same company.

Your husband will probably enjoy raw vegetables, served as a before-dinner appetizer in the living room, if you accompany the vegetables with seasoned salt. Put the seasoned salt in a pretty regular salt shaker for attractive service.

## U. S. SEES NEW CRISIS IN LAOS IF LINE BREAKS

By JOHN M. HIGHTOWER

WASHINGTON (AP)—The United States has told the Soviet Union, Britain and its Asian allies that a breakdown in Laos' shaky neutrality could bring on a new Southeast Asian crisis.

Johnson administration leaders are deeply disturbed about new offensive action by Communist forces in the Plaine des Jarres region of Laos. The Pathet Lao attacks, developing Sunday, brought positions held by neutralist troops under heavy fire.

Secretary of State Dean Rusk, who conferred with President Johnson during Monday, held an unusual series of meetings with ambassadors of the Soviet Union, Britain and other countries that have a direct interest in the situation.

**SEEKS SUPPORT**

Rusk's purpose was to get support in Moscow, London and elsewhere for efforts to put an end to the Communist drive, and save the Geneva agreement which neutralized Laos and stopped the use of Laotian territory for supplying Red guer-

illas in South Viet Nam. Some officials say privately that if the efforts to preserve the neutrality of Laos are unsuccessful then the conflict in that country will almost inevitably become a part of the antiguerrilla war which the United States is supporting in South Viet Nam.

**MEET AMBASSADORS**

Rusk met with Soviet Ambassador Anatoly F. Dobrynin Sunday night. He also conferred with the British Embassy minister, Denis A. Greenhill, and later talked with British Ambassador Lord Harlech in a meeting of ambassadors from countries from the Southeast Asia Treaty Organization, including Pakistan, France, Australia, New Zealand, Thailand

and the Philippines. In still another conference Rusk met with representatives of India, Poland and Canada. The three countries make up an international control commission which is supposed to supervise Laos' neutrality under an East-West agreement worked out at Geneva in 1962.

The Soviet Union and Britain served as cochairmen of the Geneva negotiations and since have exercised the special responsibility in diplomatic efforts aimed at making the neutrality policy work.

Terry Barr of the Detroit Lions and Gary Collins of the Cleveland Browns each caught 13 touchdown passes to lead the National Football League in 1963.

Now, your eyes are hopping. In reading the printed page The eyes are on the jump With a series of little hops And in the pause between hops We envisage about ten letters. The hopping rate is stationary Even though readers may vary The space between the eye and page To accommodate their eyesight. Type that's clearly visible Keeps the eyes from straining.

Nowadays some sponge-cake type recipes call for whole eggs beaten until stiff. If you are using a recipe of this sort, have the eggs at room temperature so they'll beat up to the best volume.
